

Welcome to Class 6

Class teacher: Ms Zvimba

TA: Ms Morgan

Behaviour

We continue to use the Good to be Green behaviour system.

We also follow our principles which set out clearly how we as both adults and children should conduct ourselves within the school.

Powell Principles

1. To be always be kind and helpful to others.
2. To treat others and ourselves with respect.
3. To treat all property with resepect.
4. To put all our effort into our learning.
5. To respond to an instruction straight away.
6. To be honest with ourselves and toward others.

School Uniform should be navy blue sweatshirt; navy blue trousers or skirt; plain black shoes.
During the summer shorts and blue checked summer dresses can be worn. Please label children's clothing as it can be misplaced across a school day.

**We have P.E. on Thursday and Friday. Children should come to school in their P.E. kit on those days.
All P.E. kits should be labelled.**

P.E. kit should include trainers, plimsolls, black shorts, red t- shirt and in the winter black tracksuit

No earrings or jewellery to be worn

Reading

We currently follow the Destination Reader approach to the teaching of reading. This allows for a key focus on the skills that are required to be a competent reader.

Children will have a whole class focused text for destination reader and also a group focused text that will enable extra support from the class teacher. Children will choose a reading for pleasure book that they can read at home.

Curriculum

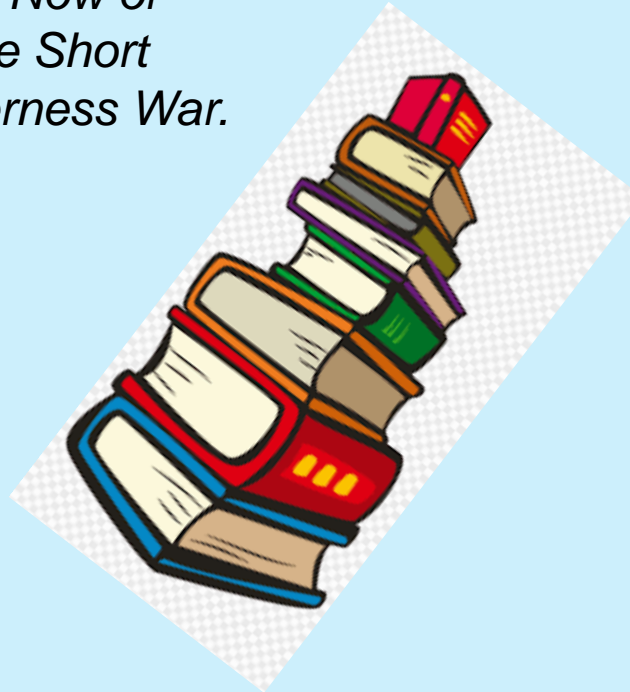

What we will be learning In writing

In Writing we will be learning to retell a story from a different characters point of view; tell a story in flashback in the first person; write an emotional recount as a letter; create a short story about a feeling; write a formal letter of complaint.

The books we will study will be *The Highwayman; Now or Never; Happy Here Short Stories; The Wilderness War.*

The Grammar we will learn will be the subjunctive form; expanded noun phrases; the perfect tense; adverbials and conjunctions; repetition as cohesive devices and colons and semi-colons.

What we will be learning

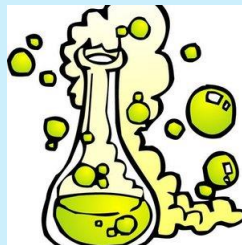

Maths

We will learn order six digit numbers and place them on a number line; use formal methods to solve addition and subtraction problems with six digits and two decimal places; find common factor, multiples and prime numbers; use formal methods to solve short and long division and multiplication; compare and order fractions; find equivalent fractions; solve fraction calculations; know how to find a circumference.

Science

We will learn how to classify animals and plants using their features and the circulatory system and how to stay healthy.

Art and DT

We create a still life for a memory box.

We will make our own handheld game using electrical components.

What we will be learning

Music

We will learn to enhance our composition and performance.

History

In History we will learn about World War Two.

Geography

In Geography we will learn about trade and its impact on nations and communities.

RE

Jewish
Responsibilities to
God
Being a member of
the Buddhist
community

PSHE

We will learn about managing our emotions and conducting ourselves respectfully to others.

Homework
